

WHAT IS THE STANDARD PROCUREMENT SYSTEM?

**The information technology resources
required to support the procurement mission
from receipt of a purchase request through
contract closeout**

NAVY CONTRACTING ENVIRONMENT

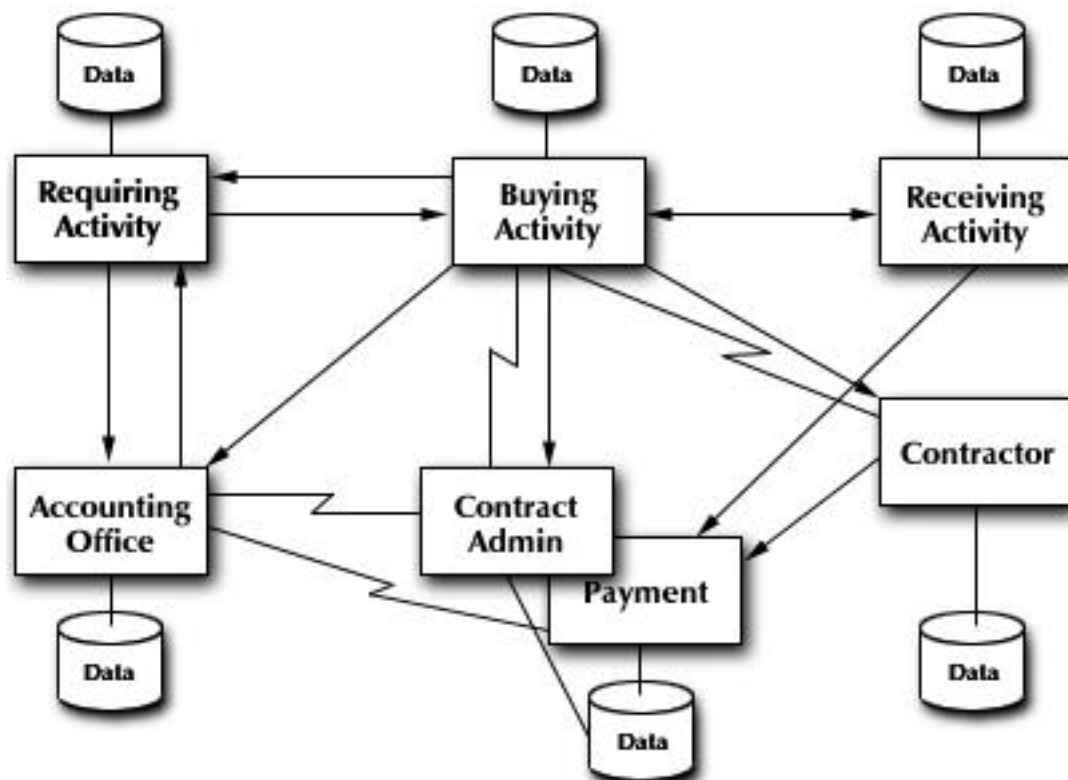

NAVY CONTRACTING

- **854 Navy/Marine Corps Sites with Contracting Authority**
 - **402 sites with Authority at or Below \$2,500**
 - **Most Work Can be Done Using Credit Cards**
 - **SPS *WILL NOT* be deployed at these sites**
 - **452 sites with Authority Above \$2,500**

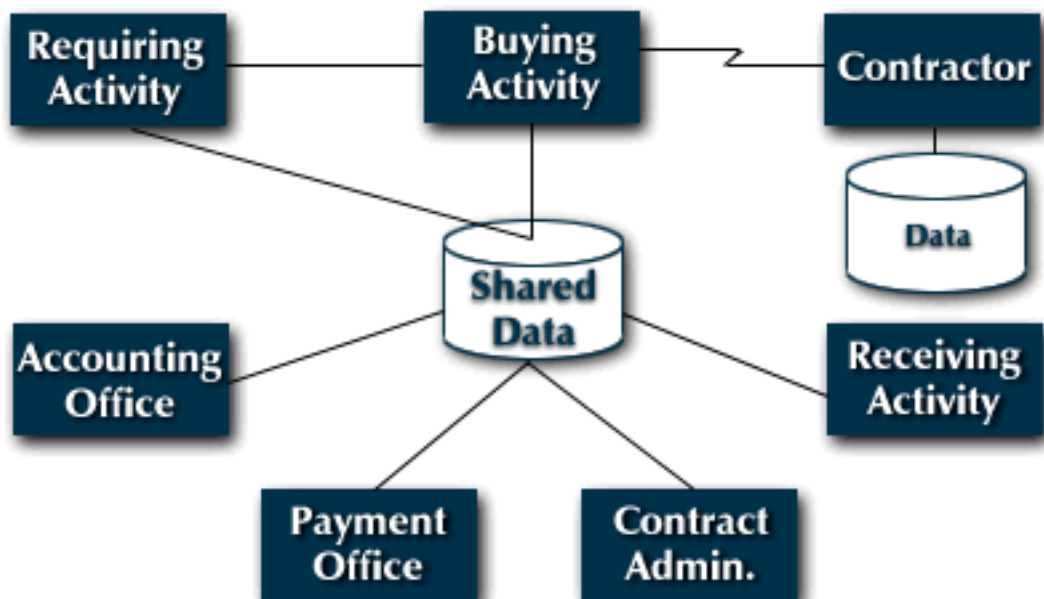

NAVY CONTRACTING

- **Approximately 7,500 Navy/Marine Corps Users**
- **Predominantly Manual, Some Automation**
 - APADE
 - AMAS/CMS
 - ITIMP
 - SACONS
 - PD2
 - PRISM

CURRENT CONTRACTING ENVIRONMENT

SPS VISION

MISSION NEED

- **Improve Efficiency and Customer Service**
- **Correct Procurement Process**
- **Resolve Unmatched Disbursements in Contracting**

MISSION NEEDS/SOLUTIONS

- **Manual Repetitive, Duplicative Processes**
- **Long Cycle Time**
- **Data Redundancy**
- **Unmatched Disbursements**
- **Obsolete Technology**
- **Standard Procurement System**
 - Eliminate Legacy Systems
 - Automate Manual Sites
 - Increase Functionality
 - Standardize Processes
 - EDI
 - Shared Data Between Procurement and Finance
 - Open Systems

WHO PROVIDES WHAT?

● PROGRAM OFFICE

- Application Software
- Installation
- Software Maintenance
- Training
- Legacy System Interfaces
- Shared Data Warehouse

● MILITARY SERVICES

- PMO Representatives
- Desktop Hardware
- Servers and Networks
- Communication Infrastructure to DISA Point of Presence
- Program Shortfall*

SPS ACCELERATION

- **SPS Currently Programmed for Full Operational Capability (FOC) in FY2004**
 - Projected Savings: \$1.6B between FY1997-2005
- **DEPSECDEF Directed 3 Year Acceleration to FY2001**
- **Acceleration Will Result in Additional \$750M Savings Vice FY2004 FOC**

SPS BENEFITS

PROCUREMENT COMMUNITY

Std Processes and
Procedures

Modern AISs/Tools

Reduced Training Costs

Std. EC/EDI Application

Paper Reduction

Manual/Repetitive Task
Reduction

Supports Current/Future
Downsizing

FINANCIAL COMMUNITY

Single Interface to
Standard Contract Pay
System

Paper Reduction

Data Entry Reduction

Eliminates Multiple AIS
Interfaces to the
Procurement Community
Reduced Manual Vendor
Payment

Reduced UMD/NULOs

Better Research Tools

WARFIGHTER

Reduced Acquisition
Cycle Time

Deployable Procurement
System

Better Resource
Management

Reduction in Current
TOA to cover NULOs

SCHEDULE

- | | |
|------------------|--------|
| • DEM/VAL | SEP 96 |
| • OT&E Start | JAN 97 |
| • MAISRC II/IIIA | MAR 97 |
| • IOC | MAR 97 |
| • FOC | FY 01 |
